## Message from Director General FDE

It is with great pleasure that I extend my greetings to newly elected office bearers of all 424 School/College Management Committees from amongst the parents' community. It is an established fact that community involvement is an integral part of a successful educational framework which promises success of individual students and the school environment itself. Consistent community involvement and engagement at all levels of the school have been shown time and time again to have significant short and long term benefits. When schools, parents, families and communities work together to support all academic as well as non-academic activities of students, the results are remarkable. This community participation in educational institutions leads to stakeholders' participation in decision making and it makes educational management more democratic and contextual.

Keeping in view of the significant role a community can play in betterment of an educational institution, Federal Directorate of Education under the mandate of Right to Free and Compulsory Education and School & College Management Committee Rules, 2021 conducted free and fair elections for School/College Management Committees (SMC/CMC) across all 424 educational institutions on February 23, 2022 which resulted in formulation of 424 SMCs/CMCs. I envision that newly elected SMCs/CMCs shall play a pivotal role in institutional development to enhance the quality of education by developing an effective liaison between school and community to ensure effective and smooth functioning through collection and distribution of local resources. At the school level, SMCs are charged with the responsibility of rekindling the community spirit in improving education and empowering communities to analyze problems confronting the education sector, and to adopt and internalize the strategies.

Taking this opportunity, I would like to thank all the parents who have reposed faith in our institutions and actively participated in SMCs/CMCs elections 2022. I congratulate all elected office bearer of newly elected SMCs/CMCs for their two years term 2022-2024 and welcome you in our FDE's community. Let me assure you that your children are in safe hands while our collaboration with parents will make it more stimulating learning environments in which all students have the opportunity to reach their full learning potential. Our staff understands the ethos of the school and help in guiding and encouraging the children and I am sure that the children will make both you and us proud. We all must work together to create a clear vision and strong ethos of student achievement and when we do teaching and learning becomes a partnership among administration, teachers, parents and students. This in turn leads to a successful school strongly rooted in a shared vision and a common sense of mission and purpose. **Our motto is to empower you to excel.**
